I don't know.
It was love.
But it was a genuine one up to a point.
If I denied even that, my life would be desolate.
I'm not going to say that everything was only about love,

Waltz 27

Chapter 27
The Place Where Your Heart Sank

I was quite interested in photography.

I somehow ended up meeting the model

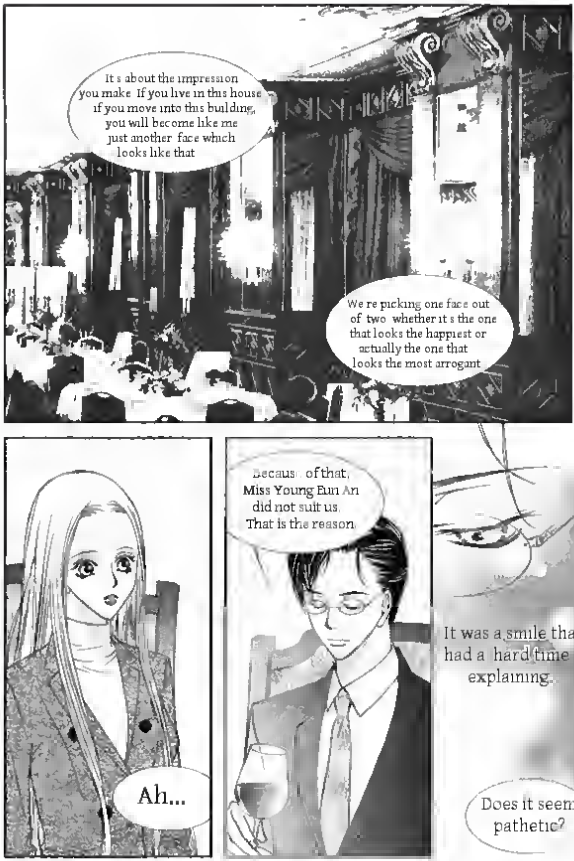
So...

The first person I met was the artist who took that photograph

You couldn't use me as a model because I'm not better than a photograph?

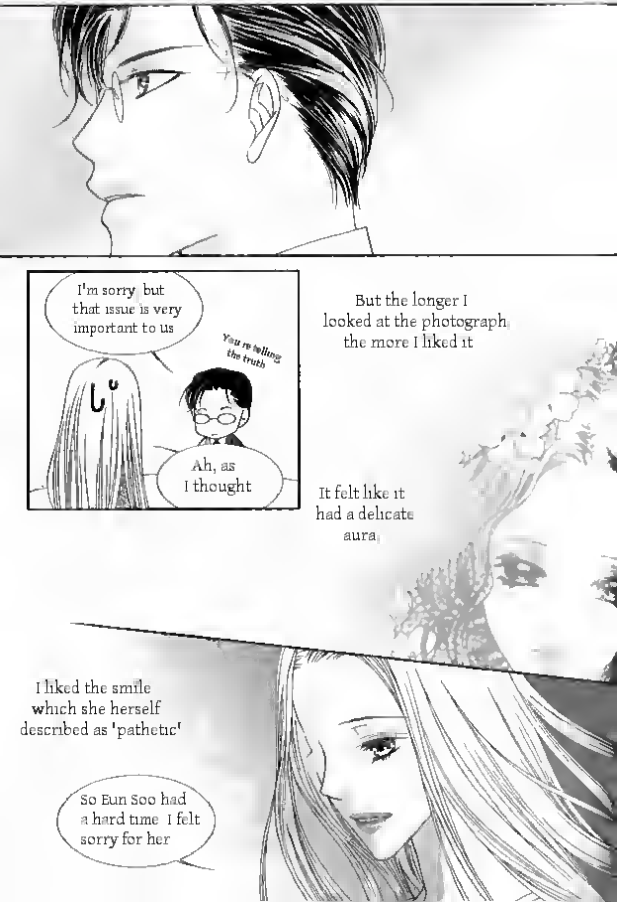
No we're deciding who the model for an advertisement will be Things like that don't matter

I asked him what camera, settings and lighting he used and other things like that



It s about the impression you make If you live in this house if you move into this building, you will become like me just another face which looks like that
We re picking one face out of two whether it s the one that looks the happiest or actually the one that looks the most arrogant
Ah...
Because of that, Miss Young Eun An did not suit us. That is the reason.
It was a smile that I had a hard time explaining.
Does it seem pathetic?

Yes?
No. My manager keeps telling me he wants to fix it.
I think she should listen to what her manager is telling her
But...
Thank you for explaining to me so I could understand
I feel lighter than before,
When I thought it was only a matter of popularity



I'm sorry, but that issue is very important to us
You're telling the truth
Ah, as I thought
But the longer I looked at the photograph, the more I liked it
It felt like it had a delicate aura.
I liked the smile which she herself described as 'pathetic'
So Eun Soo had a hard time. I felt sorry for her

Is that true?
Yes. Isn't it strange I'm not popular. Nobody recognizes me.
Of course the top stars must have been tougher than I was, but I believe that things will not go well for me if I keep thinking about my popularity

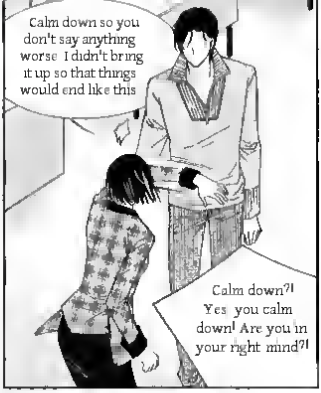
Well...

I think I can understand that a little.
About stalking?

About remembering something which you have forgotten
No, that's not it

She had this nostalgia aura
I can't describe it well
Even though I never had any missing memories
I never had something like that

How could you?
Sister, this is...
You stab me in the back? You of all people?
You snuck behind my back and betrayed me so the rumor wouldn't spread
What do you mean that I was hiding? Is this about being found out or not?
I didn't concern your work so there was no need for you to know about it
I don't have to report my private matters to you at my age
Shut up! You're crazy!



Calm down so you don't say anything worse I didn't bring it up so that things would end like this
Calm down?! Yes you calm down! Are you in your right mind?!

We aren't a noble family whose heritage traces back five hundred years What is
What do you know, then?

But we're not a conglomorate or a large company, either

Sister I know that you want this company to succeed
I know that you're trying harder than anyone else. We wouldn't be here without you.

You only know how to sit where I show you and put your stamp on papers
Do you know anything at all?
I am doing a good job stamping papers
I know where to put my stamp and where not to
I'm old enough so I want to marry somebody whom I want to spend my life with
Why do I have to be reapproached for that?
Why aren't you listening to me?
Why did I even admit that I was visiting Congressman Joo's house?

Why am I doing all kinds of errands? Why am I kissing their feet like a begging puppy? Why have I done all that?
I even changed the diaper of that old woman who had Alzheimer's!
All for you! For me! So how could you?
Why did you do something like that?

What?
she falls down
Sister, please don't be like that
I don't know what you're trying to get from doing all this
Live similarly?
Everybody eats the same things. They also mostly live the same way and then die
Why do you

You young and childish brother
If there are a hundered people each one of those hundred,
Will eat different things and live completely different from each other
And they will all die like they are supposed to
Everyone recieves a different can of snacks in their hands when they are born.
Why don't you know that?

Can of snacks?
Yes.
It would be nice to get a can that has everything in it - A, B, C, D, and so on. A life that is the same like any other
But sadly, our cans are not like that
It only has one kind of food inside and not quite enough of it either
I want to fill it until it reaches the amount of other people's!
What are you talking about? This is
Let's say you want to have C. You want to get rid of B and have C instead. But how you know?
How do you know you are going to get what you want?

If this was a fair world where you could have C after exchanging it with B. I wouldn't talk like this. But
Those snacks are all connected. If you try take one out, everything falls down on top of you
You never felt something like that, nor have you witnessed it
I always saw it. You just didn't know about it
When did I tell you not to fool around? Play, you can play as much as you want.
Is it because of the baby? Is that it? If it's something like that, than I can always-
Sister!

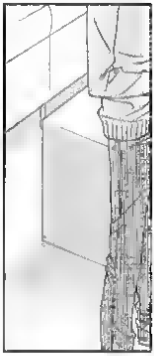
You must live like you want to
But I live differently from you
I only told you to do as I say!
But you can't even do that anymore

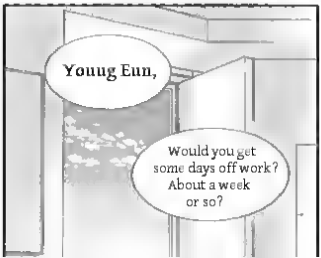
What are you? What have you ever done?
You always are what I gave you! What did you do other than that? How could you be rude to me, a guy like you!
Listen well!
When your bowl and my bowl are in the same position, do you think I will just stand there and take it?

Listen to me when I m talking to you about this! If this happens a second time I m not going to settle this with just words!
I...
Understand that she must be feeling the same
Her can of snacks can go empty because of you.

Not because of me
because of you!
Sister didn't normally
speak of matters which
were not real.

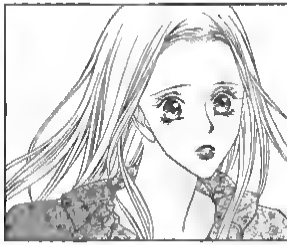
So rather than
sounding like a figure
of speech about reality,
It felt more like
a malicious
prediction.





Young Eun,
Would you get
some days off work?
About a week
or so?

I wasn't being rebellious or stubborn.



I was confident in my choice.

I never made a mistake in my life and I believed something I wanted couldn't be wrong.

I thought that I might be going around it to reach my goal, but I didn't think it would matter.
So? Did you?
Yes.
So,
Even if I say that,
Doesn't it feel like it's too hard?

I'm sorry, but mother--
You submitted your marriage certificate on your own
I thought formalities could take place later
Ah is that so? You don't care about it
What? Honeymoon? You aren't high school kids holding hands and running away in the middle of the night
Yes.
You should have done things like these back when you were in high school
You always did what I told you to do That's right
You were always a smart and quiet child I felt anxious about it

I even hoped that for whatever reason you would rebel once.

Then...
afic close

I could have taught you,
How insignificant and humble you are in this world

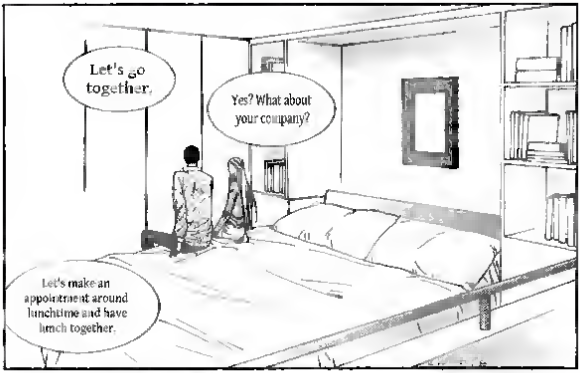
but you didn't do that. Well,
So far you acted like I wanted you to.

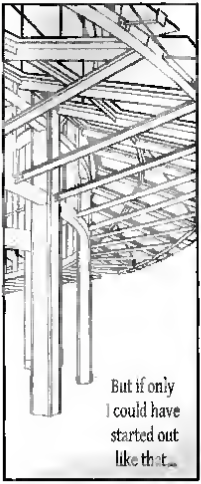
So I thought,
You understood.
What you had to do and what I expected of you
Young Eun is a good person
She's not going to disappoint you
Yes? In what way?
As your daughter-in-law
Did you even think I wanted a daughter-in-law?
If I speak honestly I don't think you are going to be satisfied anyway
But I chose her for myself
I want to spend my life with her.

And more than that, I don't care about it.
Should I blame Eu Jung for this?
I asked her to take care of me, and instead, she made you like this
She will be happy too when good things happen to us
What I wanted from my wife is
Did you want a life where you needed comfort or encouragement?
And she will comfort and encourage us if hard things come

Eu Jung and I had a person in mind,
Who would have made you more respected and rich
I don't want somebody who will be respected
And having more money is meaningless
I'm sorry
My sister must have been hard on you

No not at all
She didn't speak
to me at all
Really she
didn't say
anything?
I don't know
what she's
planning
Look Eu Jin
I'm fine
I'm
preparing
Myself for it
Preparing?
Yes
Probably
Marriage is
not something
that forces you to
get ready for
things
What are
you doing
tomorrow?
Tomorrow?
I'm going to the
hospital After
that





I should have looked ahead more carefully and prepared properly instead.

It didn't take me long to understand it.

The information started coming in slowly.

When we acted slowly, investments stopped coming in, and restrictions were imposed on accidents.

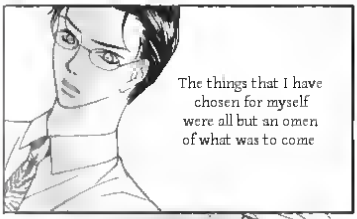
I realized how many personal connections my sister and my mother brought in
I understood what they expected of us and how much of our business grew because of that
The affiliated company took a defensive attitude
The competent employees started switching boats
Things started happening one after another like they had been planned beforehand
How is it?
How does it feel like when you are behind those gangsters, the Jang brothers?

Why did you want to speak to me again?
I want to hear it from you If there is anything
I don't regret anything
Can you take it for now?
That you regret,
That you would want to turn back if you could
I must be lying if I say that I think I could handle it
Daughter?
What is she doing? Even a son won't be enough in this situation.
Even if she gets discharged, you don't have to bring her here, or pay her a visit. If I feel like going, I will go and see her myself

She wants to name her Mi Hyang
It was all becoming air
but every sound was plain air
I got angry and even asked for a favor
No, really
To use a Chinese character Mi for beauty and Hyang for scent.
Do as you please
Why should I care about a girl's name?
One day while we were yelling at each other during our fights I realized

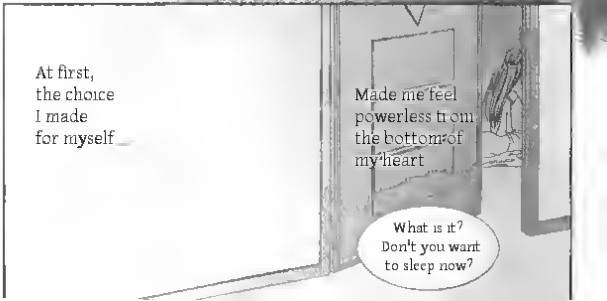
I will never be able to win these people over.

My studies and my business everything
I chose the cards they selected for me so I thought it didn't matter



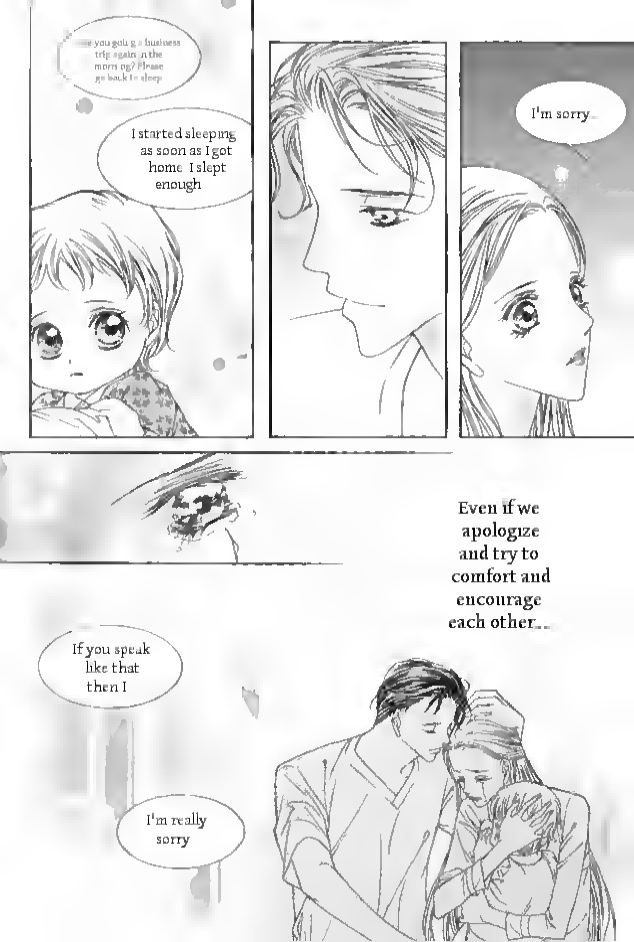
The things that I have chosen for myself were all but an omen of what was to come

The reason I believed it was all my choice,
Was because I didn't feel any particular dissatisfaction for the path prepared for me.



At first, the choice I made for myself
Made me feel powerless from the bottom of my heart
What is it? Don't you want to sleep now?

No Mom is not crying Do you want to wipe my tears away?
Let's play quietly Dad is tired so we can't wake him up
Oh my. why did you wake up? Was it noisy?
No Just.



you going on a business trip again in the morning? Please go back to sleep
I started sleeping as soon as I got home. I slept enough
I'm sorry...
Even if we apologize and try to comfort and encourage each other...
If you speak like that then I
I'm really sorry
